
HA0112 – Enterprise Management Software Developer business for sale

Business overview

- An excellent opportunity to purchase a privately owned company specialising in the design and maintenance of Asset Management Software and Service Enterprise Resource Planning (ERP) applications.
- The company is well known within the industry and has a long established history of success having traded for over 25 years.
- This business may well fit as part of a larger firm wishing to acquire a strong presence within the market or that has a requirement for these services.
- The company has long term relationships with its customers, of which half are blue chip companies. The largest customers are within defence, engineering and aerospace industries (also supplies SME customers – UK and Mainland Europe).

Products and Services

- The business provides project management, implementation support, training, software support and maintenance to assist customers in successfully implementing the company's software product.
- The company is a member of the Oracle, IBM and Hewlett Packard business partner programmes and has accreditation under ISO9000.

Premises:

- The premises offer good communication links and are well-situated, providing easy access to and from major routes in England and Wales.
- Unit in South of England; 6,000 sq. ft. of floor space – could be purchased or leased by new owner.

Reason for sale: Owners wish to retire.
